Memo to Agency Training Directors

At the July 1, 1976 meeting of the IAG Committee on Development and Training, we discussed the report dealing with questions on executive and management development that were asked of the Civil Service Commission by a Subcommittee of the Treasury, Postal Service, and General Government Appropriations. I encouraged all training directors to obtain and read a copy of the report.

Since that meeting, I have learned that copies of the report may be difficult to obtain. Therefore, I am sending copies of the report to all members of the Committee on Development and Training with the hope that you and your staff will review it.
